The job you did for me was wonderful. You will remember the opposition had predicted they would beat us anywhere from 4 to 1 to 6 to 1. None of them had any idee we would get over 10,500 votes. It was the work of loyal and true friends and believers in true Democratic government that gave the Andrews crowd this big surprise.

I have waited until now to thank you and make

this report because I wanted to have the entire vote

of the Third District race for Congress before do-

You will recall that we had only nine weeks to work. I got home from the Korean War on Feb. 13 Two weeks later, after talking to friends the over the District, I qualified for the race for Congress and the campaign was on. The early part of the campaign had to be spent in writing my platform, getting literature printed and contacting old friends and making new ones. We realized that for a man making his first bid for office that the time was short for work and planning. BUT WITH YOUR ENTHUSIASTIC HELP WE SURPRISED A LOT OF DOUBTING THOMASES. ON MAY 6TH WE RECEIVED MORE THAN 10,500 VOTES.

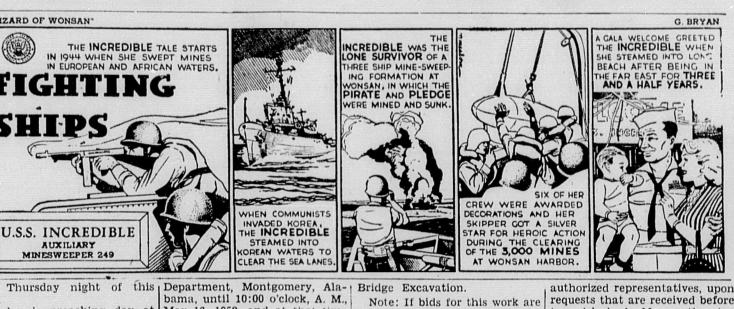

From the bottom of my heart I thank you. I know that the remarkable result is due to your tireless and unselfish work in my behalf and in behalf of Good Clean and Honest Government. Thanks a
